ROWLAND'S ODONTO, OR PEARL DENTIFRICE.

PATRONIZED BY

"THE QUEEN,"

AND THE ROYAL FAMILY OF GREAT BRITAIN,

AND THE SEVERAL

SOVEREIGNS AND COURTS OF EUROPE.

A FRAGRANT WHITE POWDER, prepared from Oriental Herbs of inestimable virtue for preserving and beautifying the TEETH and strengthening the GUMS. It eradicates tartar from the teeth, and thus lends a salutary growth and freshness to the gums. It removes from the surface of the Teeth the spots of incipient decay, polishes and preserves the enamel, imparting the most pure and pearl-like whiteness; while, from its salubrious and disinfecting qualities, it gives sweetness and perfume to the breath. Being an anti-scorbutic, the gums also share in its corrective powers; scurvy is eradicated from them, and a healthy action and redness are induced, so that the teeth (if loose) are thus rendered firm in their sockets. As the most efficient and fragrant aromatic TOOTH POWDER ever known, ROWLAND'S ODONTO has for a long series of years occupied a distinguished place at the toilets of the SOVEREIGNS and the NOBILITY throughout Europe, while the general demand for it at once announces the favour in which it is universally held.

Price 2s. 9d. per box.

GLEANINGS.

The authorities of Greenwich have issued a proclamation to the local police to destroy all wandering dogs who may be "suspected reasonably mad!"

CURIOSITIES OF NEWSPAPER LITERATURE.—Among the advertisements of the last week, we find the following remarkable announcements of facts, which fairly come under the head of phenomena. We are told in one place that there may be had "An airy bedroom for a gentleman twenty-two feet long by fourteen feet wide." The bedroom ought, indeed, to be airy to accommodate a gentleman of these dimensions. Again, we read of "A house for a family in good repair," which is advertised to be let with immediate possession. A family in good repair means, no doubt, one in which none of the members are at all cracked. The last oddity to which we shall call attention, is an announcement of there being now vacant "A delightful gentleman's residence." The "delightful gentleman" must be rather proud of his delightful qualities to allow himself to be thus strangely advertised.—*Punch*.

ADVERTISEMENTS.

PATENT PICTURE RAIL MOULDING, for HANGING PAINTINGS and PRINTS; and IMITATION GOLD FRAMES.

Artis est celare artem—This desideratum is most satisfactorily obtained by the above inventions. The rail moulding combines ornament and utility, as it forms an elegant bottom member of the cornice, superseding the expense of a gilt moulding, which it resembles, and has strength to suspend the largest pictures. The frames require only to be seen to be appreciated, being sharp in effect, of equal durability and appearance to gold, and at considerably less cost.

Artists and Collectors are invited to inspect Specimens at Mr. Nottingham's, 14, Fish-street Hill.

CALIGRAPHIC BLACK LEAD PENCIL,

MANUFACTURED BY E. WOLFF AND SON,

No. 23, CHURCH-STREET, SPITALFIELDS, LONDON.

The Caligraphic Pencils have been invented by E. Wolff and Son, after the expenditure of much time and labour. They are the result of many experiments, and every effort that ingenuity and experience could suggest has been made to insure the highest degree of excellence, and the profession may rely upon their being all that can be desired.

They are perfectly free from grit; and for richness of tone, depth of colour, delicacy of tint, and evenness of texture, they are not to be equalled by the best Cumberland lead that can be obtained at the present time, and are infinitely superior to every other description of Pencil now in use.

The Caligraphic Pencils will also recommend themselves to all who use the Black Lead Pencil as an instrument of professional importance or recreation, by their being little more than half the price of other Pencils:—

H, HH, HHH, HB, B, BB, F, FF, W* 4s. per dozen.
 BBB, EHB 8s. "
 BBBB 12s. "

* This Pencil is particularly recommended for writing and counting-house use.

An allowance on every gross purchased by artists or teachers. May be had of all artists' colourmen, stationers, booksellers, &c. A single Pencil will be forwarded as a sample, upon the receipt of postage stamps to the amount.

CAUTION.—To prevent imposition, a highly-finished and embossed protection wrapper, difficult of imitation, is put round each dozen of Pencils. Each Pencil will be stamped on both sides, "Caligraphic Black Lead, E. Wolff & Son, London."

* The usual trade allowance to stationers, booksellers, &c.

A show-box or specimen gratis with an order for a gross of Pencils.
